## **Fire Exits, Stairwell Construction Begins Thursday at Westside Community Center**

**New Braunfels, TX** — Installation of new fire exits and stairwells at the Westside Community Center is set to begin on Thursday, September 19th.

“We ask the public to be aware of alternate routes in the building for safety reasons while the project is underway,” said Outreach Coordinator Jennifer Hernandez. “We’re looking forward to the new-and-improved fire exit platforms and stairwells — which will be installed as a result of Community Development Block Grant (CDBG) funding. We are excited that patrons will enjoy these updates that will increase fire exit safety during programming hours. Of course, we also want to thank our patrons for their patience while this process is underway.”

The Center will have signs posted to alert patrons in areas that are under construction. At this time, all programs are set to continue as scheduled.

The City of New Braunfels received the CDBG funding from the Department of Housing and Urban Development. These funds are distributed throughout the community to provide eligible recipients with annual grants that can be used to revitalize neighborhoods, expand affordable housing, provide economic opportunities and improve community facilities and services.

For up-to-date information regarding the program schedule, visit the online calendar at [www.nbtexas.org/Library](http://www.nbtexas.org/Library). For more information about CDBG in the City of New Braunfels, visit <https://www.nbtexas.org/90/Community-Development---CDBG-Program>.
